

Hydroblast 2 Goggles Series Specification Sheet

PRODUCT DESCRIPTION:

U.S. Safety glasses are designed to provide solution-based eyewear protection. This brand is distinguished with application based, stylish design elements and superior coatings for work and play. The Hydroblast® 2 goggle features a unique co-injected super soft TPR seal that allows for better, yet more comfortable fit. The low profile athletic design and 7-Point Ratchet action temple allow for all day comfort and adjustability. They are dielectric, indirect vented and are often used in chemical environments. Available with adjustable hook and loop elastic strap or adjustable rubber strap. The Hydroblast® 2 goggle is available with Clear AF, Gray AF, Clear MAX6[™], and Gray MAX6[™] lens options.

FEATURES:

- Co-injected Super soft TPR seal allows for better, yet more comfortable fit
- Low profile athletic design
- 7-Point Ratchet action hinge
- Indirect Vented
- Dielectric
- Adjustable rubber strap
